Dear Supervisors:

**APPROVE AMENDMENT NO. 4 TO AGREEMENT WITH RAD-IMAGE
MEDICAL GROUP, INC. FOR TELERADIOLOGY SERVICES
(SUPERVISORIAL DISTRICTS 2, 4, AND 5)
(3 VOTES)**

SUBJECT

Request approval of an Amendment to the current Agreement with Rad-Image Medical Group, Inc., to extend the contract term for the continued provision of teleradiology services, and to remove Martin Luther King, Jr. Multi-Service Ambulatory Care Center (MLK-MACC) as a service location.

IT IS RECOMMENDED THAT YOUR BOARD:

Approve and instruct the Interim Director of Health Services, or his designee, to execute and sign Amendment No. 4 to Agreement No. H-701025 with Rad-Image Medical Group, Inc. (Rad-Image), to extend the contract term effective November 17, 2008 through December 31, 2008, for the continued provision of teleradiology services at a total maximum obligation of \$72,500 for the extended term of the Agreement, and to remove MLK-MACC as a service site.

PURPOSE/JUSTIFICATION OF THE RECOMMENDED ACTION

Approval of the Amendment, substantially similar to Exhibit I, will terminate the provision of services to MLK-MACC, but provide uninterrupted, critical teleradiology services to Olive View-UCLA Medical Center (OV-UCLA), Harbor-UCLA Medical Center (H-UCLA), and Rancho Los Amigos National Rehabilitation Center (RLANRC). The extension is necessary to allow the Department of Health Services (DHS or Department) the additional time necessary to complete an already initiated solicitation process for new contracts.

www.dhs.lacounty.gov

The teleradiology services provided through this Agreement act as an essential supplement to services by County radiologists to assure the timely provision of diagnostic information.

Implementation of Strategic Plan Goals

The recommended action supports Goal 1, Service Excellence of the County's Strategic Plan by providing the ongoing availability of additional teleradiology services to augment the existing County staff.

FISCAL IMPACT/FINANCING

The total maximum obligation for the Amendment with Rad-Image, for the period effective November 17, 2008 through December 31, 2008 is \$72,500, consisting of \$21,250 for H-UCLA, \$6,250 for RLANRC, and \$45,000 for OV-UCLA. Funding is included in the Department's Fiscal Year (FY) 2008-09 Adopted Budget.

Payments to the Contractor are based on a per-image read basis, with an additional flat rate fee per shift, a shift being the time period from 7:00 p.m. to 7:00 a.m. No changes to existing rates are being made.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Department continues to experience difficulty with the recruitment and retention of qualified physician radiologists for all of the facilities. This shortage of qualified radiologists results in the need to utilize contract services to ensure adequate coverage to meet the needs of the patients served by DHS facilities.

On March 4, 2005, the Department processed an emergency purchase order to acquire the services of Rad-Image, Inc. temporarily to provide teleradiology services during evening and nighttime hours. However, the maximum funding allowed under the purchase order limited the services through March 31, 2005.

On May 17, 2005, your Board approved a sole source agreement with Rad-Image temporarily to provide teleradiology services and coverage between the hours of 11:00 p.m. to 7:00 a.m., referred to as Nighthawk services.

On April 4, 2006 and May 8, 2007, respectively, your Board approved Amendments No. 1 and 2, which expanded the provision of services to include H-UCLA and OV-UCLA, extended the contract term through November 16, 2008 and requested delegated authority to the Department to add additional facilities, subject to review and approval by the Chief Executive Office and County Counsel.

The Honorable Board of Supervisors
October 14, 2008
Page 3

Under the authority delegated to the Director of Health Services, Amendment No. 3 was executed on October 22, 2007 which expanded the provision of services to include RLANRC.

As a result of the organizational restructuring of MLK-MACC, the contract services for MLK-MACC will terminate effective November 16, 2008 because Nighthawk services are no longer necessary.

The recommended approval of this Amendment will extend the contract term effective November 17, 2008 through December 31, 2008 for RLANRC, H-UCLA and OV-UCLA, and is necessary to allow the Department the additional time necessary to complete a solicitation for new contracts, while also ensuring the continued provision of critical teleradiology services. The solicitation was issued on September 3, 2008 and is presently in the response/evaluation process.

The Agreement includes all of the standard provisions mandated by your Board. In addition, the Agreement includes mutual indemnity provisions and coverage of malpractice liability by the County for off-site teleradiology services.

The Department has determined that the services are professional in nature County employees and County re-employment list personnel are not available to provide them.

Under the termination provisions of this Agreement, either party may terminate the Agreement with a 30-day advance written notice to the other party.

County Counsel has reviewed and approved Exhibit I, as to use and form.

CONTRACTING PROCESS

On May 17, 2005, your Board approved a sole source agreement with Rad-Image for the temporary provision of teleradiology services for Martin Luther King, Jr./Drew Medical Center. Through subsequent amendments, your Board authorized DHS to extend the contract term of this Agreement pending the completion of a solicitation process for new contracts for these services.

The solicitation process took longer than DHS anticipated and additional delays were associated with staffing shortages within the DHS Contracts and Grants Division.

The Department completed and released a Request for Statements of Qualifications (RFSQ) on September 3, 2008. A Notice of the availability of the RFSQ was posted on the County website, advertised in local newspapers and mailed to firms on the DHS vendors list.

After the review of the statements of qualifications is completed, a list of the recommended service providers will be finalized and the Department will present the resultant Agreements for your Board's approval in December 2008.

IMPACT ON CURRENT SERVICES (OR PROJECT)

Board approval of the recommended Amendment will ensure the continued provision of critical teleradiology services to the patients served by certain DHS facilities.

When approved, DHS requires three signed copies of the Board's action.

Respectfully submitted,
